## Welcome to Bergen

**Arrive: Noon Back on Board: 6.00pm**  
**Berth: Bontelabo 2**

A former 'European City of Culture', Bergen sits amongst the magnificent mountains strung along Norway's western coastline and is a gateway to fjordland. This 13th century Hanseatic - and now World Heritage - city was built on an original Viking settlement and is full of historic sites, the best known of which is Bryggen - a collection of 11th century wooden buildings along the harbour front. To enjoy the best views of this picturesque city, take the funicular railway to the top of Mount Fløyen, which overlooks both Bergen and the surrounding region. Bergen is also the birthplace of composer Edvard Grieg.

## Shipboard Information

### Security

Please be aware that we have established a secure area around the vessel and our security procedures require that you must be prepared to show your Cruise Card when leaving or boarding the ship. We ask you not to accept and bring on board any parcels or packages from strangers. Before boarding the ship, you may be asked by our Security Staff to open any parcels or handbags that you may be carrying.

### Norwegian Tax Refund - for purchases made in Norwegian ports

Representatives from Global Blue Tax Refund will be on board in Stavanger, our last port of call to facilitate tax refunds. In order to apply for a tax refund you need the receipt and the tax free form from the shop where you made the purchase. The minimum purchase amount for qualifying for a VAT refund is NOK 315 (foodstuffs NOK 290) - these amounts are for a purchase made in one transaction.

The VAT refund amount is clearly stated on the tax free form receipt in the store and amounts to 12-19% of the price tag. For a smooth refund process, please remember to complete the tax free form with your name, residence address and country before coming to see the representatives from Global Blue Tax Refund.

### Crew Areas

Certain areas of the ship are marked 'Crew Only' or 'Private'. Please respect these signs and do not enter these areas as this may be considered a breach of security.

### Handwashing

Outbreaks of Norovirus in confined areas, such as Cruise Ships are increasingly common. The best defence against this virus is simply washing your hands for a minimum of 20 seconds, before eating, after using the toilet, after going ashore and after sneezing and coughing. Alcohol gel is good as an additional precaution, however, it is not a substitute for hand washing. Therefore, please follow these simple steps to ensure that you have a healthy, safe and pleasant holiday with us.

### Oriana's Toilet System

Oriana's toilet system does not operate like the flush toilet which you have at home. It operates with a system of very narrow pipes and by vacuum extraction and as such it can only deal with toilet paper and natural human waste. Please do not flush any other item (e.g. hand wipes, bandages, fruit peel or sanitary towels) down the toilet. If any attempt is made to flush such items into the system it will cause considerable disruption, not only to your own toilet, but to those of your fellow passengers. Your cooperation is appreciated.
